Patrick,
See below. My apologies, I had thought you were copied as well.
Looks like they all need to go off site.

Subject: Phase 2A Stockpile Data

Eric,

Attached is the Phase 2A stockpile data. Please note the sample ID that includes "SP109" is a duplicate sample. The other 8 samples are from discreet stockpiles labeled 101-108. Please let me know EPA's position on the future location of these soils (on or off site).

Thanks,
Patrick
